TECHNICAL SPECIFICATIONS

CIRCULAR POLYTHENE RECYCLING BINS

91L

FEATURES

- With its large throw-in aperture, this Circular Polythene Recycling Bin facilitates waste disposal, and as such, it can help improve recycling in schools, workplaces, and entertainment areas.
- Made from UV-stabilised plastic, it is both rust and weather-resistant, and thanks to its hardwearing outer, it is suitable for both indoor and outdoor installations.

Specifications

- UV-resistant polyethylene.
- Available in 9 colours.
- Includes the recycling graphics of your choice.
- Galvanised liner and concrete base available to purchase separately.
