ECOCASA TRIPLE COMPARTMENT RECYCLING BIN

45L

FEATURES

- A popular choice for large family kitchens, smaller staff canteens, and professional office environments, the EcoCasa Triple Compartment Recycling Bin allows the separation of three different types of waste in one compact bin. It sits neatly up against walls, cabinets, and desks, offering hands-free disposal on the go.

Specifications

- Brushed stainless steel shell.
- Fingerprint-proof technology.
- Integrated foot pedals.
- 45-litre capacity (3 x 15-litre removable inner compartments).
- Two silent-closing lids with stay-open function.
