PROFESSIONAL OFFICE RECYCLING BIN

60L

FEATURES

- The ability to personalise your recycling station with your waste streams, logo, colours, and branding.
- Available in waste streams aligned with government WRAP colours, the modular recycling bins can be joined via a unique magnetic joining system.
- Personalise the recycling bins with your own branding and company colours for a custom feel.
- Clear signage and backboards to allow for the quick separation of waste, ideal for encouraging individuals to dispose, recycle, and organise their waste.

SPECIFICATIONS

- A generous 60 litre capacity.
- Composed of robust materials to withstand the test of time.
- Modular units to collect separate waste streams.
- Quick and easy emptying system.
