WHEELIE BIN COVER WITH PEDAL

140,240&360L

FEATURES

- The Wheelie Bin Cover offers a discreet way to conceal wheelie bins while allowing easy public access for disposing of rubbish. This cover, which comes in 3 sizes, is made of galvanised steel for outstanding rust and corrosion protection.
- For a more hygienic use, the handle is made of stainless steel to decrease the growth of bacteria and is easier to clean. It also has a foot pedal which reduces contact.

Specifications

- Available in three different sizes: 140, 240, and 360 litres.
- Made with galvanised steel
- Stainless steel handle
